Introducing Kin

Kin is a family of elegantly strong mono-shell seating designed for Allermuir by PearsonLloyd, and 'family' was the ethos from the very beginning.

Kin's two stand-out characteristics are beauty and efficiency. No matter the model, you will encounter maximum comfort created by minimum use of materials.

The range comprises a tub chair, an armchair, a side chair and stool but with myriad base, color and plastic or upholstery options, the family extends to multiple interlinked possibilities that will always bear a likeness to one another.

Designed by PearsonLloyd.

Get What You Need, When You Need It.

Every product in this brochure is part of our Quickship program, available to ship in 15 business days.

All alternate finishes are available on standard lead times.

Whether you're furnishing a new office, café, conference room, or breakout space — the Kin Quickship Program is made-to-order giving you exactly what you need, when you need it.

The Senator Group works to maintain significant inventories to support our Quickship programs. All products that are in stock will ship in 15 business days. Should our inventories be depleted we will provide most prompt ship date possible. The Senator Group's Quickship Program is limited to only models and finishes listed. Our 15-day Quickship goal begins once a clean and complete order has been accepted and entered and any and all business terms have been satisfied. All Senator Group related business terms and conditions apply. Products are listed with maximum available purchases for a given project. The splitting of orders to circumvent maximum quantities will not be allowed. Please contact your Senator Group Dealer or representative to request expedited larger quantity purchases outside of this program.

Kin Chairs

Family

KIN102
Side chair, 4 leg frame

List Price:
\$462.00

Dimensions:
SH: 18.25"
SW: 18"

Turo

The bezels of vintage dive watches inspired Turo's slim fluted leg profile, that in turn have been crafted with the same precision. The icosagon shaping of the leg adds a subtle focal point without disrupting the simplicity of its silhouette.
