Tibo Outdoor

Design – Mark Gabbertas

Tibo is a combined bench and table system in 3 sizes for indoor and outdoor use. The objective was to find a way to provide the easiest and most natural interaction between people and in doing so demonstrate that intelligent design can beneficially influence behavior.

Tibo is engineered around an aluminium frame designed to maximise strength and rigidity but minimise the number of elements at ground level for visual clarity, ease of installation and levelling. The base structure utilizes die cast and extruded aluminium components in a number of powder coated finishes. The tops and bench seats are available in solid core laminate or sustainably sourced teak, unrivalled as a material for outdoor use.

Non-Stock Table Top Information Ordering Instructions:

In addition to Allermuir's standard graded-in table top finishes, non-stock laminates and solid surfaces are available.

Please contact US Customer Service to confirm availability and to request pricing.
Phone (419)887.5806
Toll free (888)887.5806

The full product specification is needed at the time of your call including the manufacturer's name, pattern name, product number and finish.

We may require a sample to be mailed to our corporate headquarters to ensure the material meets our quality standards. Allermuir reserves the right to reject any non-stock top material that, in Allermuir's opinion, is unsuitable for application.

Samples can be sent to:
Allermuir
